UX /UI Design

## SUMMARY

A highly motivated and detail-oriented Information Technology graduate with internship experience in UX/UI design. Skilled in using tools such as Figma, Adobe XD, Adobe Illustrator, and Photoshop to design user interfaces from wireframes to interactive prototypes, with a solid understanding of user-centered design principles.

Skilled in programming and web application development using Flutter, C, PHP, HTML, CSS, JavaScript, SQL, and MySQL, with experience in tools such as VS Code and Xampp.

Eager to start a career in UX/UI and committed to continuous growth.

## WORK EXPERIENCE

**UX/UI Designer Intern, PPCNSEO Co., Ltd. (eCoachManager System for Mobile)** Dec 2, 2024 – Mar 31, 2025

- Designed UX/UI for the organization's website and mobile application, creating wireframes, mockups, and interactive prototypes using Figma and Adobe XD.
- Conducted customer journey mapping and designed user flow diagrams to analyze user experience and communicate the system's process flow to the development team.
- Created wireframes and high-fidelity prototypes for the main screens and various functional aspects of the mobile application.
- Learned and applied Adobe Illustrator to design graphics, such as icons and other specific elements for the application.

**Project Accident Situation Notification Application (Omni Alarm)** 2024 – 2025

- The project aims to create a mobile application for reporting and receiving notifications about accidents. Developed using Flutter and Dart, the app connects to an SQL database to store and manage accident reports, locations, and user data. Key features include accident reporting, location tracking, real-time notifications, and efficient data management.
- Testing was done using Black Box testing techniques to ensure the app functions as expected based on user inputs.

**Competitions and Activities** 2024 – 2025

- **YEP Hackathon 2023 (Young Entrepreneur Project)**
  - Competed in a business plan competition under the theme "Creative Isaan" with an innovation on furniture made from water hyacinths as an eco-friendly alternative.
- **YEP Hackathon 2024 (Young Entrepreneur Project)**
  - Participated in a business plan competition under the theme "Digitalizing the Locals: Turning Dirt into Clouds," presenting Mind LIFT, an AI-based mental health consulting service.
- **INFORMATICE START 2024 & BCG: ECONOMY MODEL**
  - Joined a startup business plan competition and won first runner-up with the Mind LIFT AI mental health consultation service.

## EDUCATION

**Bachelor's Degree, Faculty of Informatics**

Maharakham University Major

2021 - 2015

- Information Technology (GPA: 3.27)

 29/11 Kut Khun, Rob Mueang, Nong Phok, Roi Et 45210, Thailand

## SKILLS

- UI Design
- UX Design
- Wireframing & Prototyping
- Customer Journey Mapping
- User Flow Diagram
- Usability Testing
- Problem-solving & Logic Thinking
- Design Thinking

### Programming languages

- **Basic knowledge:** HTML, CSS, JavaScript, C , Flutter
- **Database:** MySQL

## TOOLS

- Figma
- Photoshop
- VS Code
- MS Office
- Adobe XD
- Illustrator
- Xampp
- Android Studio

## ADDITIONAL INFORMATION

- **Certifications:** Digital Literacy Exit Exam – 78/100
- **Activities:** Served as a committee member for the IT Open House, overseeing booth planning, activity coordination, and delivering IT insights to inspire high school students.
