- Problem-solving & Logic Thinking
- Design Thinking

Programming languages

- **Basic knowledge**: HTML, CSS, JavaScript, C , Flutter
- **Database**: MySQL

Tools

- Figma
- Photoshop
- VS Code
- MS Office
- Adobe XD
- Illustrator
- Xampp
- Android Studio

SUMMARY

- A passionate and detail-oriented IT graduate with internship experience in UX/UI design. Skilled in tools like Figma, Adobe XD, and Illustrator, with a solid foundation in Flutter, PHP, HTML/CSS, and MySQL. Eager to apply creativity and problem-solving skills to create meaningful user experiences.

  Also strongly interested in pursuing a career as a Business Analyst. While I may not have direct experience, I have a keen interest in understanding user needs, analyzing data, and bridging communication between technical and business teams. Committed to learning and growing in both UX/UI and BA roles.

Work Experience

UX/UI Designer Intern, PPCNSEO Co., Ltd.
(eCoachManager System for Mobile)   Dec, 2024 – Mar , 2025

- Designed UX/UI for web and mobile applications using Adobe XD, including wireframes, mockups, and interactive prototypes. Created user flows and journey maps, and designed app graphics with Adobe Illustrator. Designed with responsive principles to support various screen sizes during the internship.

Project Accident Situation Notification Application
(Omni Alarm)
2023 – 2024

- Developed a mobile application for accident reporting and real-time notifications using Flutter and Dart. The app connects to an SQL database to manage user information, accident reports, and incident locations.
- Implemented key features such as location tracking, alert notifications, and efficient data handling. Conducted system testing using Black Box techniques to ensure functionality and user reliability.

INFORMATICE START 2024 & BCG: ECONOMY MODEL
2023-2024

- Joined a startup business plan competition and won first runner-up with the Mind LIFT AI mental health consultation service.

Education

Bachelor's Degree, Faculty of Informatics

- Mahasarakham University Major Information Technology (GPA: 3.27)
